Important Notice

These Final Terms have been prepared for the purpose of Article 8 of the Regulation (EU) 2017/1129, as amended (the "**Prospectus Regulation**") and must be read in conjunction with the base prospectus dated 30 April 2020 (the "**Prospectus**") and the supplement dated **28 August 2020** pertaining to the EUR 800,000,000 Debt Issuance Programme of Kommunalkredit Austria AG (the "**Issuer**"). The Prospectus and any supplements thereto are available for viewing in electronic form on the Issuer's website ("www.kommunalkredit.at"). Full information on the Issuer and the Notes is only available on the basis of the combination of the Prospectus, any supplements thereto and these Final Terms.

MiFID II Product Governance / Eligible Counterparties and Professional Investors Only Target Market – Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, "**MiFID II**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**Distributor**") should take into consideration the manufacturers' target market assessment; however, a Distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

PART I – TERMS AND CONDITIONS

This Part I. of the Final Terms is to be read in conjunction with the set of Terms and Conditions that apply to ordinary senior eligible notes (the "**Terms and Conditions**") set forth in the Prospectus as Option II. Capitalised Terms shall have the meanings specified in the set of Terms and Conditions.

All references in this part of the Final Terms to numbered paragraphs and subparagraphs are to paragraphs and subparagraphs of the Terms and Conditions.

The blanks in the provisions of the Terms and Conditions, which are applicable to the Notes shall be deemed to be completed by the information contained in the Final Terms as if such information were inserted in the blanks of such provisions. All provisions in the Terms and Conditions corresponding to items in these Final Terms which are either not selected or completed or which are deleted shall be deemed to be deleted from the terms and conditions applicable to the Notes (the "**Conditions**").

Eurosystem Eligibility of the Notes Intended

The Global Note is intended to be held in a manner which will allow Eurosystem eligibility.

Yes; note that the designation "Yes" simply means that the Notes are intended upon issue to be deposited with OeKB CSD GmbH and does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met.
