Second Party Opinion (SPO) ISS ESG

- Pre-Issuance: Second Party Opinion (SPO) ISS ESG, confirming the Framework’s alignment with the ICMA GBP, SBP and SBG
- SPO also contains an assessment regarding the alignment of the selection criteria with the EU Taxonomy Climate Delegated Act (June 2021)
 - The nominated project categories **solar PV (4.1 Electricity generation using solar photovoltaic technology)** and **wind power (4.3. Electricity generation from wind power)**, were assessed against the entirety of the Technical Screening Criteria, including the Substantial Contribution and Do No Significant Harm (DNSH) criteria, as well as the Minimum Social Safeguards (MSS). ISS ESG considered the two categories to be:
 - **Aligned** with the Climate Change Mitigation Criteria
 - **Aligned** with the Do No Significant Harm Criteria, except for climate change adaptation
 - **Aligned** with the Minimum Social Safeguards requirements
 - For other green use of proceeds categories that overlap with the economic activities in the EU Taxonomy, Kommunalkredit will apply procedures and processes to align its portfolio with the EU Taxonomy Technical Screening Criteria, including the Do No Significant Harm Criteria, and the Minimum Social Safeguards where possible
- Kommunalkredit will report on the EU Taxonomy alignment of its portfolio as part of its allocation reporting post issuances
- Post-issuance: Kommunalkredit intends to request external verification from an independent third party on the allocation of the net proceeds on an annual basis until full allocation, or in the event of material changes
